## Autotransformer AT3 250-22/23-4

#### Standards

Autotransformer to: VDE 0570 Teil 2-13, DIN EN 61558-2-13, EN 61558-2-13, IEC 61558-2-13, UL 5085-1/-2, CSA 22.2 No.66

### Advantages

Low weight and small size (compared to isolating transformers)

High efficiency

Patented assembly technology to lower heat losses

Very good corrosion protection and low noise due to vacuum impregnation

Fixed, contact protected screw connection terminals complying with UVV BGV  $\mbox{A3}$ 

Multiple mounting dimensions

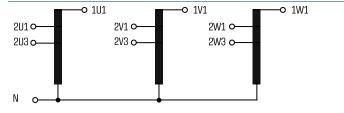

Enlarged fixing rail for easy installation from above

Integrated lifting brackets

#### Applications

Autotransformer for adjustment of the voltage on the input and output sides with no requirement for electrical isolation.

### Sample application

UL 5085-1/-2, CSA 22.2 No.66
