Autotransformer **DSP 400/6**

Standards

Autotransformer to: VDE 0570 Teil 2-13, DIN EN 61558-2-13, EN 61558-2-13, IEC 61558-2-13

Advantages

Low weight and small size (compared to isolating transformers) Very high efficiency

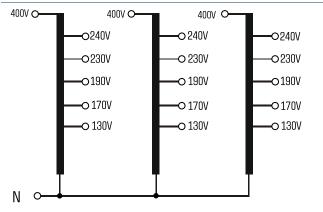

Very good moisture protection and low noise thanks to vacuum impregnation

Contact protected screw connection terminals complying with UVV BGV A3 Simple mounting due to robust metal fixing rail with oval slots

Applications

Autotransformer for example for setting the speed of single-phase fan motors.

Sample application

Approvals

BLOCK Transformatoren-Elektronik GmbH • Phone +49 4231 678-0 • info@block.eu
